

VIOLENT ON WAY TO COURT TO ASK FOR DISCHARGE

Joseph Goldstein's Father
Wanted to Remove Him to
Asylum for the Insane.

Joseph Goldstein, a weak-looking youth of sixteen, who has been a patient in the Central Islip Hospital for the Insane, became violent to-day while on his way to the Supreme Court, killed one of his attendants with a blow and attempted to run away. He was captured after a short chase, but took four men to subdue and carry the struggling boy to an ante-room in the Court-House.

Young Goldstein was sent to the asylum a year ago suffering from adolescent insanity. His father, Jacob, a few days ago sought to have his boy discharged as cured, but the authorities declared that their patient was still unable to properly take care of himself. The father then secured a writ of habeas corpus, which was returnable to-day before Justice Fitzgerald in Part II. of Special Term. Accompanied by Dr. Byrnes, of the hospital, and an attendant, the youth was walking quietly between the two men along Park Row, opposite the Post-Office, when he tried to get away. Police Officer Caulfield and Sergeant McCarthy, of the City Hall squad, hurried to the assistance of Dr. Byrnes and the attendant and helped carry the lad through City Hall Park to the Court-house. The shrieks of the struggling boy attracted hundreds in Park Row, and it was necessary to call out a section of the reserves to drive away the crowd.

While waiting in an ante-room of Part II. for the case to be called along with his father, Dr. Byrnes and the attendant, the boy again became violent and fought with the three men until Policeman Fitzpatrick went to their assistance.

**QUESTS' NARROW ESCAPE
FROM BURNING HOTEL.**
Awakened by Cemetery Watchman to flee for life in their Night Clothing.

Many persons had narrow escapes from being burned to death early to-day, when the hotel of Patrick A. McGarry, in Long Island City, was burned to the ground. Many guests in the hotel were asleep and all had to flee for their lives in night clothing.

How the fire started is a mystery, but it had gained considerable headway before it was discovered by a watchman in Calvary Cemetery, nearby. He rushed to the place and aroused most of the inmates, but there was no time for them to dress.

The firemen could do little when they arrived, as the building was of frame and was soon destroyed.

TUNNEL HOUSE FIRE.
\$1,000 Damage to Old Building at Foot of East 49th Street.

In one of the buildings occupied by the contractors of the Belmont Tunnel, at the foot of East Forty-second street, fire broke out last evening and did damage amounting to about \$1,000. The building has not been used for more than a month, and the cause of the blaze is not known.

WOODRUFF MENTIONED FOR A TOGA.

As a reward for carrying "Trolleytown" to Tim they're outfitting attention. But the closest he'll get to a Senator's gown will be about as far as the "mention."

DIED FROM THE "BENDS."
Genick Lestoria, who was attacked Wednesday with the "bends" while working in the Pennsylvania tunnel, at Long Island City, died yesterday in St. John's Hospital. He lived at No. 83 East Twelfth street, Manhattan.

ODELL REPORTED WORSE.

NEWBURG, N. Y., Nov. 15.—Ex-Gov. Odell's illness is said today to be so serious that he will not be able to leave his room even with the best of luck within six weeks or two months. This will prevent him taking active part in the contest for the control of the State Assembly, which the Hughes-Baxter-Merritt forces have desired him to do.

It was reported on the streets here last night that he was dying, and though the rumor was baseless he is in a critical condition.
